# ALL AMERICAN Ring

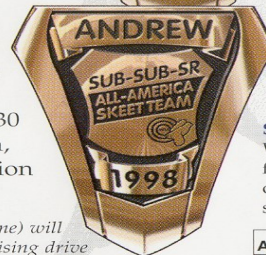

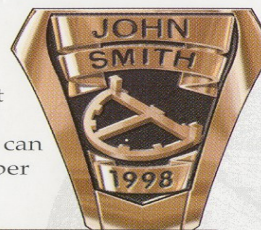

## HALL OF FAME RING

This ring will allow other shooters to realize that you have reached the highest distinction in our game by having been inducted into our Hall of Fame. This ring can be purchased by any Hall of Fame member inducted from 1970 to present.

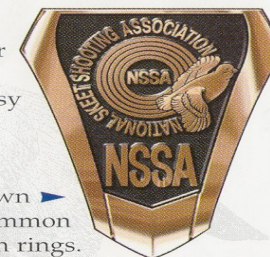

## ALL AMERICAN RING

Designed especially for our finest competition shooters, this ring can be purchased by any member who has made an All-American Team from 1930 to present - this includes any 1st Team, 2nd team or Honorable Mention position on the team.

*Each ring order (either All-American or Hall of Fame) will automatically donate \$50 to the continuing fund-raising drive for the new NSSA/NCSA Hall of Fame and Museum building.*

Each ring can be personalized on one side with your Name and Year designation for easy identification and distinction.

The ring side shown to the right is a common side to both rings.

### SIZING YOUR RING

Wrap a band of paper around the largest part of your finger. Cut off paper where ends meet. Lay the paper on the chart at Point A. If the paper ends between two sizes, order the next larger size.
